New Park Use Permit Program
By Randy Ecklund, Executive Director

Over the past few years our Summerlin Council parks have occasionally experienced individuals or organizations inviting extremely large groups of people to a park for “their” special activity. While the Summerlin Council certainly understands the community spirit and intent in which these large gatherings or events are taking place, the reality is such activities can quickly overwhelm certain parks and make it very difficult if not impossible for other residents to also enjoy the amenity. Quite simply, each of our Summerlin parks has its own design characteristics and proper capacity limitations and hence not all parks are well-suited for handling large crowds.

Experience has shown us that these inappropriate sized gatherings in smaller venues often lead to unsafe traffic patterns, unsafe parking and pedestrian conditions, highly inadequate levels of restroom facilities for all visitors, extreme trash and noise issues and the justified frustration of fellow residents or park neighbors attempting to use the park for their own peaceful enjoyment.

In an attempt to get their hands around this particular issue and the

Wear Your Gloves and Sturdy Shoes
You’ll be pulling weeds and picking up trash, so we recommend wearing gloves for this project. And it wouldn’t hurt to dig out some sturdy old shoes for the occasion.

Trash Bags Provided
The Summerlin Council will provide the bags needed to clean the park. All you need to bring is your community spirit and working hands.

Meet Your Neighbors
We encourage you to invite your neighbors and community groups to attend the event. It’s a great opportunity to meet residents from other neighborhoods as well.

Refreshments will be served.

HELCIPARTER FLIGHTS OVER RED ROCK CANYON

The following information has been received from the Red Rock Canyon National Conservation Area (RRCNCA) regarding the increasing number of helicopter flights to Red Rock (and therefore also over Summerlin West):

The local FAA are aware of the increasing number of low flying planes and helicopters over RRCNCA (specifically certain tour operated flights) and they have asked us to collect information in order to help them speak with pilots who may not be following the rules.

Unfortunately, there are no specific rules governing air space over a conservation area. The only way a change in rules regarding air space of RRCNCA can happen is with an “Act of Congress”. We can, however, try to help the FAA enforce rules already in place that still affect us here.

The FAA is a safety organization with legal enforcement responsibilities. They need facts before they can conduct an investigation. The type of information they need is:

- Identification - Do you know the registration number on the tail or fuselage? Color? Military or Civil?
- Time and Place - What direction was it flying?
- Altitude - Estimate of how high or low it was flying possibly based on whether it was level with or below a prominent object such as a tower or building.

Please make notes on your observations and keep them in the event they have other questions later.

BIG CHANGES FOR SUMMERLIN’S SIGNATURE EVENTS

The Summerlin Half Marathon and Tour de Summerlin, two of the community’s largest annual events open to the public, are moving to Downtown Summerlin this year. The popular running and cycling events, both in April, will start and end in the heart of the new 106-acre fashion, dining and entertainment destination with several Downtown Summerlin vendors participating in the pre- and post-event celebrations, including California Pizza Kitchen and Nekter Juice Bar.

On Sunday, April 12, runners and walkers in the Summerlin Half Marathon will head north out of Downtown Summerlin and race through the community’s picturesque streetscapes, parks and arroyos on a newly designed race course. By February 1, more than 600 people had registered for the race, topping last year’s race-day registration record of about 520 participants.

“Moving the race to Downtown Summerlin is a fantastic way to celebrate this event’s fifth anniversary,” said Molly Sheridan, owner of Desert Sky Adventures, the race company managing the event. “Partnering once again with The Leukemia & Lymphoma Society, we are excited to bring another great race experience to our participants while supporting a local charity.”

On Saturday, April 18, cyclists will take to Summerlin streets for the 14th annual Tour de Summerlin. This year’s non-timed event also has new routes, with 80-, 60- and 40-mile courses. Once again, the event raises funds for Candlelighters, a nonprofit dedicated to helping kids and their families negotiate the challenges of childhood cancer.

“We wanted to make sure that everyone could have an enjoyable experience, offering our experienced riders a challenging course while also allowing our less experienced riders to participate,” said Mike Almeido, event organizer. “Summerlin has been a fantastic location for this type of event and Riders for Candlelighters Kids has been a wonderful event partner.”

Last year Tour De Summerlin raised more than $75,000 for Candlelighters.

Winter weather may have your landscape lying low, but come spring it’s time to show it off. If your landscape is the envy of the neighborhood, consider getting the recognition you deserve by entering it in the 2015 Southern Nevada Landscape Awards.

Sponsored by the Springs Preserve Botanical Gardens and Southern Nevada Water Authority (SNWA), the Southern Nevada Landscape Awards recognizes landscapes that demonstrate the diversity and beauty of water-efficient design.

You can enter the Southern Nevada Landscape Awards at springspreserve.org. The entry process is easy; just follow the prompts, fill in your information, attach a few photos, and you’re finished.

The awards competition is free to enter. To qualify, all projects must be within the SNWA’s service area of Boulder City, Henderson, Las Vegas, North Las Vegas, Laughlin and unincorporated Clark County.
